YOU CAN LEARN TO DIVE!

Have you always wanted to experience the splendour and beauty of the underwater world? Why not enrol with us for your PADI Open Water Diving course and plunge into a lifetime of underwater exploration. Experience the super power of breathing underwater as you glide weightlessly over stunning coral reefs while encountering all kinds of weird and wonderful marine life.

The PADI Open Water Diver qualification is the most widely recognised and respected scuba diving rating in the world, and will give you the skills you need to safely enjoy this adventurous activity. As a certified PADI Open Water Diver you are able to dive with a buddy, independent of a professional, anywhere in the world to a maximum depth of 18 metres.

We run the course over a 2week period, the first weekend we conducting Pool Sessions and the second weekend the Open Water sessions. The theory you do in the comfort of your own time on a Smart device or computer. You can start any time with the theory but need to complete the first chapter before conducting the water sessions.

This course is performance based and we make sure you master a skill or subject before we continue to the next level.

Academic and Practical

The PADI Open Water Diver course consists of three main phases:

Knowledge Development (independent study or in a classroom) to understand basic principles of scuba diving

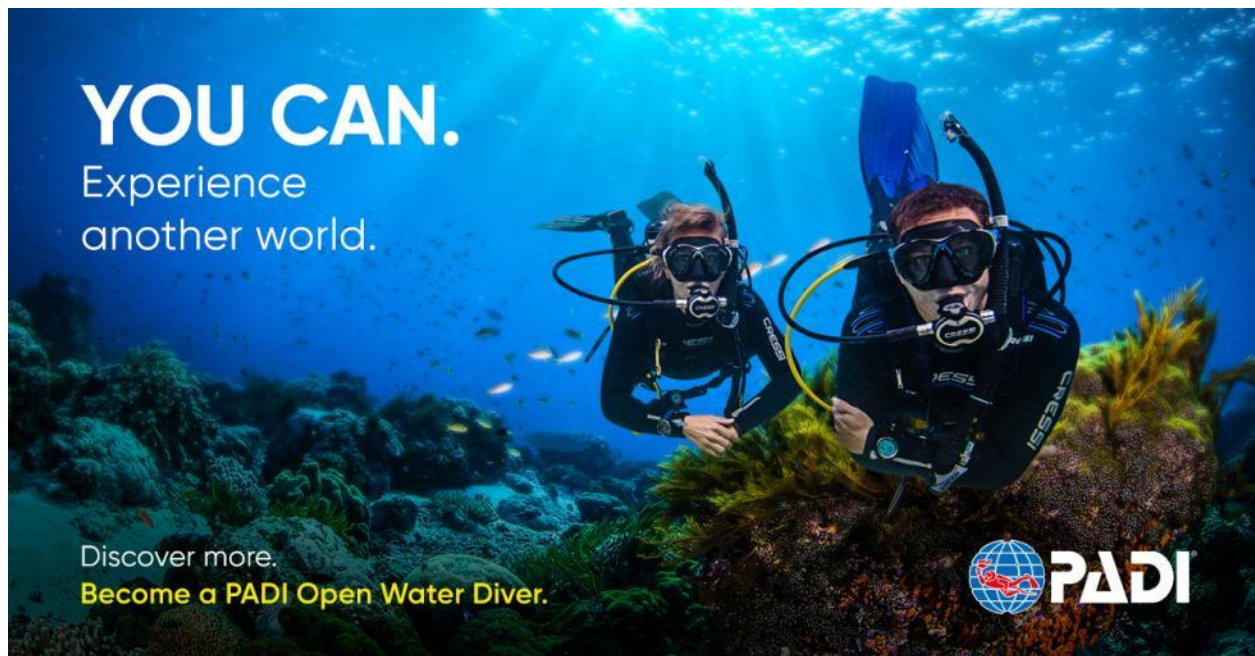

Confined Water Dives to learn basic scuba skills

Open Water Dives to use your skills and explore!

Gear:

During this course, you learn to use basic scuba gear, including a mask, snorkel, fins, regulator, buoyancy control device and a cylinder. Please note that you are not required to buy any gear before or during your course as we do have school gear for our students to use, however, we are registered dealers with most of the major scuba brands in South Africa and can offer a great variety of gear at a good price, should you choose to buy any gear during or after your course.

Course cost: R4500-00 per person
